Nurserous cases of Diseases of the Genital Organs, some of them of long standing, have come under my no-tice, in which his skill has been manifest in restoring to per-fect health, in some instances where the patient has been considered beyond medical aid. LETTERS FROM HIGH AUTHORITY.

Hon, J. J. Middleton, of Waccamaw, S. C., writes us under date of May, 2d, 1555, that Kadway's Renovating Resolvent cured one of his negroes, on his plantation at Beaufort, of a Scrofulous complaint, of many years' standing. The poor fellow was a diagnosting object of pity; he was a moving mass of sores. The other negroes could not remain in the same place with him. He was entirely cured by Radway's Removating Resolvent, and is now at work upon the plantation. To the people of S. C. DR. ROGERS' LIVERWORTH AND TAR FOR THE COMPLETE CURE OF

Cought, Cidis, Influenza, Asthma, Bronchites, spitting of Blood, and all other Long Complaints tending to CONSUMPTION.

THE GREAT COUGH REMEDY!

R EADER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon "wear itself out?" Lot a friend tell you, in all kindwill soon "wear itself out?" Let a friend tell you, in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and opprossion across the chest, accompanied with frequent sharp during pains. Then a dry, backing Cough will set in, and when you raise anything it will be a thick and yellowish, or white frotty matter, streaked, perimps, with blood. If you still take no medicine, these uppleasant symptoms will increase, and you will soon have Hectic Fever, Cold Chills, Night Sweats, Copious Experioration, and then Great Prostration. If you still neglect yourself, a tew weeks or mouths will see you consign neglect yourself, a few weeks or months will see you consign ed to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and hurried you away.— Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Con-sumption progresses, with more or less rapidity, to a fatal tertomation. Of all the Thousands and Millions whom this great Destroyer has gathered to the from be every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal delusion that it would "wear itself," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At his crisis, the disease is very difficult of cure, and oftentime sets at defiance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the discusse, or check its progress, and will always make the patient more comfortable, and prolong his life, and make the patient more comfortable, and prolong his life, and is therefore worthy of a trial; —but in its incipient or forming periods, Coosumption is as curable as any other disease, and "Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua," if taken at this time, will cure it the Tast SURELY AS IT IS TAKEN! [8-1] This is strong language, but "ee can refer you to numberless living witnesses to prove that it is TRUEL And therefore, we carnestly exhort every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house; and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradicate it thoroughly, at once, by this power, fully healing compound and leave your Lungs uninjured, to carry you in full vigor to a good old age! pound and leave vigor to a good old age! MOTHERS:

Have you delicate, weakly children, who are always taking told, and subject to Croup? Remember! There never was cold, and subject to Croup? Remember: There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheezing and coughing, you know not that, before morning, Croup may not set in, and ere you can get a Physician, your dear child may be beyond the reach of help. We besech you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the cough is entirely subdued. We conscientiously aver, after the

for the cold would be cared, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, heed well these remarks, that she may not hereafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adage, that "to be forwarned, is to be forearmed." to ask for Dr. A. Rogers' Syrup of LIVERWORT, co TAR and CANCHALAGUA, and let no other be pained on SCOVII. & MEAD,

Take Particular Notice.—There is a habit which boys teach each other at the sandenver college—a habit indeged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious and devastating affections. DR. MORSE'S INVIGORATING CORDIAL, a Phenomenou in Medicine. Health Restored and Lite Lengthenest, by DR. MORSE'S INVIGORATING KLIXIR OR CORDIAL.

For centuries, Medical science has been ranvacting the vegetable and mineral singlems, in scarch of something that should restore the feet or decaying energies of the nervous and miscular systems, without the drawback of subsequent prostration, which all stimulants, tonics, and narcoties had heretofore entailed. That something has been found. It is a vegetable production, brought from the sterile deserts of Arab a the Stony, by the celebrated Professor M. Morse, well known as a distinguished member of the leading scientific societies of the full World, and equality distinguished as a physician, a chemist, and a traveler. The junces of this hert, concentrated and combined with other vegetable sustitional extracts, are now producing results heretofore unbeard of, in this or any other country. At first the properties attributed to Prof. MORSES INVIGORATING ELIXIR OR CORDIAL were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facis attested by witnesses of the highest class and character, are now triumphing over all doubts. INCREDULITY IS OVER.
